Roma Education Fund
Communications Intern
Hungary

The Roma Education Fund (REF) was created in the framework of the Decade of Roma Inclusion in 2005. Its mission and ultimate goal is to close the gap in educational outcomes between Roma and non-Roma. In order to achieve this goal, the organization supports policies and programs which ensure quality education for Roma, including the desegregation of education systems.

I am born from a Hungarian Roma mother and a Croatian father. We moved to the United States to escape the Balkan war and to have greater opportunities for social and economic success. I studied Economics at the University of California Berkeley, with a focus on development. I joined Roma Education Fund's communication team to gain a better understanding of Roma NGO work and how it is communicated in government, media, and other institutions.
