INTERNATIONAL WORKSHOP ON DISASTER EDUCATION/TRAINING

23-24 November 2009, Antalya, Turkey

EUR-OPA Major Hazards Agreement is a platform for co-operation in the field of major natural and technological disasters between EUR-OPA and the South of the Mediterranean. It has to date 26 Member States. Its field of competence covers the major natural and technological disasters – knowledge, prevention, risk management, post-crisis analysis and rehabilitation. European Natural Disasters Training Centre (AFEM) was established within the EUR-OPA framework in 1988.

“International Workshop on Disaster Education/Training” will be organised on **23-24 November 2009** in Antalya by AFEM. The main objective of the workshop is to establish a standard for disaster education and to define the education techniques for different targets. The sessions of the workshop are:

- I. Disaster education at school
- II. Disaster Education for vulnerable targets
- III. Disaster education for experts and adults

Other objectives of the workshop are:

- How we can evaluate gender sensitivity to disaster education?
- How can we raise the awareness of women and children through education?
- How should we prepare effective and efficient educational materials?
- What type of education is the most suitable for different targets?
- How can we evaluate the media on disaster education?
- How to promote and advance activities in the areas of disaster risk reduction in school communities and safe schools initiatives?
